DISSOLVE TECH[®]
BRAND LINES

DISSOLVE TECH[®]

is a disposable towel that not only dries hands like a conventional hand towel but also **dissolves** into tissue-quality material when flushed. This towel **helps reduce clogs**, cuts down on maintenance, and helps be more operationally efficient while **reducing costs**.

REDUCING TOILET CLOGS WILL IMPROVE CUSTOMER EXPERIENCE

Market research indicates that 2 **DISSOLVE TECH**[®] hand towels are sufficient to thoroughly dry hands. These towels **dry effectively**, similar to regular paper towels, in contrast to 3 traditional flushable towels which break down too quickly like toilet paper. Normal towels, on the other hand, can cause blockages.

All **Papernet** powered by **DISSOLVE TECH**[®] products blend premium performance with environmental responsibility, and are made with **FSC**[®] certified paper (FSC-C137952).

DISSOLVE TECH[®] ADVANTAGES

**DRIES LIKE
A PAPER
TOWEL**

**FLUSHES LIKE
TOILET PAPER**

**DOESN'T
CLOG**

A hand is shown hovering over the flush valve of a white toilet. The toilet bowl contains a white towel with a black zigzag pattern. The background is a wall of light-colored square tiles.
