Heavy Weight Bagasse Bowls

Eco-Friendly Serving Solutions

Empress Earth Bagasse Bowls offer a high-performance, PFAS-free solution for modern foodservice. By converting renewable sugarcane fibers into durable, grease-resistant tableware, you get a sturdy product that stands up to heat and moisture while significantly reducing your environmental footprint compared to plastic or foam.

COMPOSTABLE

features & benefits:

- Made from renewable sugarcane byproducts.
- Light weight, heat tolerant, and a great eco-friendly alternative to foam disposables.
- Coated with a PFAS-free, non toxic coating that is water, oil, & grease resistant, ensuring strength and retention.
- Offers versatile performance for both hot and cold menu items without melting or warping.
