MINERAL FILLED POLYPRO PLATES

The Premium Choice for Less Plastic

Elevate your tabletop presentation with a sustainable edge. These premium plates are engineered with a 40% natural mineral blend, significantly reducing plastic content without sacrificing durability.

Soak-proof and grease-resistant, these plates offer superior strength and “no-bend” rigidity for even the heaviest meals. Fully microwaveable and recyclable, they provide a reliable, earth-friendly solution for everything from casual dining to high-volume catering.

features & benefits:

- Made with less plastic
- PFAS-free
- Fully recyclable*
- Microwave-safe
- Non-absorbent and grease-resistant
