

# DRINKS ON THE GO? GRAB A CUP CARRIER!

## EMPRESS PULP CUP CARRIERS

Empress Pulp Fiber Cup Carriers are the eco-conscious choice for your beverage transportation needs.

Made from 100% recycled molded pulp fiber, these carriers are completely biodegradable, compostable, and recyclable in select locations.

- **Biodegradable and Compostable:** These carriers are made from recycled materials that decompose naturally, keeping waste out of landfills
- **Recyclable:** Check locally for availability
- **Durable:** Despite being made from paper pulp, these carriers are surprisingly strong and can hold multiple drinks securely.
- **Lightweight and Stackable:** They are lightweight and easy to store, taking up minimal space.
- **Best suited for 8-32 oz. cups**
- **PFAS-FREE**
