

Energizer®

INDUSTRIAL LITHIUM

**BIG POWER
FOR SMALL DEVICES**

COIN LITHIUM CELLS IN TEAR STRIP PACKAGING!

- Safeguard your professional equipment with lithium batteries that are 100% leak proof in standard usage.
- Power your critical devices in extreme conditions with a battery that keeps working in -40°F to 140°F temperatures. (-22°F to 140°F for coin lithium.)
- Handle whatever the workday brings with lithium batteries that hold power for up to 10 years in storage.
- Keep critical work devices and workdays running smoothly with reliable, long-lasting power for motion sensors, security cameras, two-way construction radios, and more.
- World's first coin lithium battery designed with three layers of defense: secure packaging, bitter taste to deter ingestion, and Color Alert that activates when it comes in contact with saliva.

Energizer® Part Number	Description	Size	Voltage	Pack Size	Case Count
ELN123-12	Industrial Lithium	123	3	12	96
ELN1CR2-8	Industrial Lithium	CR2	3	8	64
ECRN2016	Industrial Lithium	2016	3	5	100
ECRN2025	Industrial Lithium	2025	3	5	100
ECRN2032	Industrial Lithium	2032	3	5	100
