

# Healthcare

## Did you know?

**59%** of respondents are somewhat or extremely worried about hygiene when entering restrooms in healthcare facilities.\*

Near-patient items such as bed linen, patients' gowns, and the overbed table provided the highest degree of contamination for MRSA (methicillin-resistant *Staphylococcus aureus*, a type of bacteria that is resistant to several antibiotics.)\*\*

**41%** of respondent agree that the availability of sustainable paper products in Healthcare facilities is positively impacting their experience.\*\*\*

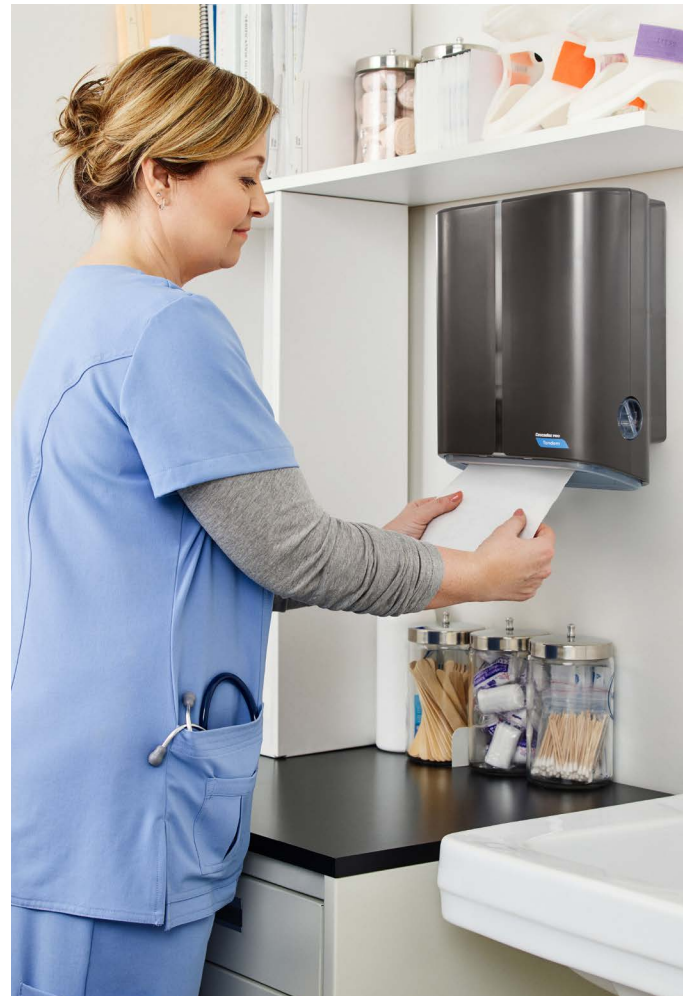

**91%** of respondents agree to a certain extent that they are making a positive environmental impact when using paper towels and bath tissue made from recycled materials.\*

## Healthcare Market Needs

### Ease of Use

- > Offer ergonomic and easy to use equipment for patients of all ages and healthcare workers.

### Hygiene

- > Reduce spread of germs and cross-contamination with no-touch and jam-free solutions to help protect patients, visitors and healthcare workers from germs.

### Reliability

- > Offer durable and reliable equipment that offer a high capacity of paper while saving on labor.

### Cost and Waste Reduction

- > Reduce waste and optimize cost-in-use.

### Sustainability

- > Reduce environmental footprint and reinforce circular economy by using certified products and sustainable materials.

# How we can help

Our Tandem system was designed to **protect your patients and employees from germs.**

Our dispensers are designed for hygiene by **limiting the accumulation of dirt and dust** in hard to reach corners.

Our **100% recycled and certified papers** help you implement sustainability in your establishment.

## Patient Room

PAPER	DISPENSER
Hand Towel: <u>T116</u>	<u>C340</u>
