

# TOPFILL™ Counter Mount Dispenser

Streamline restroom maintenance with TOPFILL™ Manual Counter Mount Dispensers – engineered for high traffic environments that demand speed and simplicity. The patented docking system eliminates under counter refills, delivering superior hygiene, faster refills and a cleaner approach to restroom care.

## Keep Staff Off the Floor

Using a patented refill dock and resealable product bags, this innovative system refills from above the counter. TOPFILL eliminates the need to remove panels or crawl under the counter to change refills. Soap flows into the reservoir then stops automatically once the reservoir is full – a quick, clean and convenient process.

## Benefits of TOPFILL™

- Eliminates hygiene and safety risks associated with crawling under counter to refill
- Completely sealed system significantly reduces cross contamination
- Soap is fully evacuated – no waste from partially filled cartridges
- Green Seal® Certified soaps for sustainable environments
- No messy soap spills or leaks
- Locking refill system reduces labor, freeing up time for other tasks
- High capacity soap reservoir provides up to 1,300 handwashes
- Easily replace dated, ineffective counter mount systems

Made from ABS plastic with chrome accents

ADA push compliant: can be operated with one hand requiring less than 5 lbs. of pressure to dispense product

.75 mL of soap per hand wash

Soap refills sold 4/1000 mL

Canister capacity 1000 mL

Also available in black & chrome

Class A  
Office Buildings

Entertainment  
Venues

Airports

Hospitality  
& Leisure

## Sealed Sanitary System

Completely sealed and self-contained to eliminate the risk of contamination, refill bags open only when locked into the refill dock. Once removed, both refill bag and refill dock reseal to keep water and air out. When the dispenser head is locked in place, the system is again sealed.

# SOAP REFILLS

Health Guard® foaming hand washes are enriched with emollients to protect skin and humectants to maintain skin's natural moisture. They delicately and efficiently remove soil and bacteria from the hands. Approximately 1,300 handwashes per refill bag.
