

OPPORTUNITIES IN TRANSPORTATION

CLR PRO MAX® INDUSTRIAL DEGREASER

Effectively penetrates and
dissolves heavy grease,
oil, and grime.

Available in 32oz, 1, 5, 55, and 275 Gallons

AIRPORTS & AIRPLANES

- ❑ Maintenance hangar floors - tackles aviation fuel spills, hydraulic oils, and equipment lubricants
- ❑ Ground support equipment - cleans tugs, baggage carts, and service vehicles
- ❑ Airport food service equipment - removes cooking grease from terminal restaurant and concession kitchens
- ❑ Kitchen hood and exhaust systems - eliminates grease buildup in airport food service ventilation
- ❑ Parts washer solutions - cleans aircraft components and maintenance equipment
- ❑ Runway and tarmac equipment - removes oils from sweepers and maintenance machinery
- ❑ Loading dock areas - addresses delivery vehicle oils and food service spills
- ❑ Employee cafeteria equipment - tackles grease in staff dining facility kitchens
- ❑ Parking structure maintenance - eliminates automotive fluid leaks and oil stains

HIGHWAYS, REST STOPS, WELCOME CENTERS & GAS STATIONS

- ❑ Food service equipment cleaning - removes cooking grease from rest stop restaurant equipment
- ❑ Kitchen hood and exhaust systems - tackles grease buildup in food service ventilation
- ❑ Gas pump area maintenance - eliminates oil spills and automotive fluid stains
- ❑ Parking lot and drive-through cleaning - addresses oil drips and automotive contaminants
- ❑ Maintenance equipment cleaning - removes oils from pressure washers and cleaning machinery
- ❑ Kitchen floor degreasing - eliminates slippery grease in food preparation areas
- ❑ Trash compactor areas - tackles sticky residues and grease buildup
- ❑ Restroom floor maintenance - removes tracked oils and environmental contaminants
- ❑ Automotive service bay floors - handles oil changes, fuel spills, and hydraulic fluids
- ❑ Fleet vehicle maintenance - cleans delivery trucks and service vehicles

OPPORTUNITIES IN

TRANSPORTATION**TRAIN STATIONS
& TRAINS**

- ☐ Locomotive maintenance - removes diesel fuel, lubricating oils, and hydraulic fluids from engines
- ☐ Maintenance facility floors - tackles fuel spills, hydraulic oils, and equipment lubricants
- ☐ Parts washer solutions - cleans rail car components and maintenance equipment
- ☐ Station food service equipment - removes cooking grease from restaurant and café kitchens
- ☐ Kitchen hood systems - eliminates grease buildup in food service ventilation
- ☐ Track maintenance equipment - cleans oils from rail maintenance machinery
- ☐ Café car kitchen equipment - tackles cooking grease on train food service equipment
- ☐ Wheel and brake component cleaning - removes oils and lubricants from maintenance operations
- ☐ Station parking structure - addresses automotive fluid leaks and oil stains
- ☐ Loading dock maintenance - eliminates delivery vehicle oils and tracked contaminants

**PORTS, BARGES
& CRUISE SHIPS**

- ☐ Engine room maintenance - removes diesel fuel residue, lubricating oils, and hydraulic fluids
- ☐ Galley equipment exteriors - tackles cooking grease from food service equipment housings
- ☐ Kitchen hood and exhaust systems - eliminates heavy grease buildup in shipboard ventilation
- ☐ Deck equipment cleaning - removes oils and lubricants from winches, cranes, and machinery
- ☐ Galley floor degreasing - eliminates slippery grease in food preparation areas
- ☐ Maintenance workshop equipment - cleans tools, parts washers, and repair equipment
- ☐ Loading dock and gangway areas - addresses hydraulic fluid and equipment oils
- ☐ Laundry room equipment - removes oils that transfer from work clothing and linens
- ☐ Vehicle deck cleaning - tackles automotive fluids on car ferry and ro-ro vessel decks
- ☐ Port facility maintenance - cleans dockside equipment, cranes, and cargo handling machinery
