

DEGREASER OPPORTUNITIES IN

MUNICIPALITIES

**CLR PRO MAX®
INDUSTRIAL DEGREASER**

Effectively penetrates and
dissolves heavy grease,
oil, and grime.

Available in 32oz, 1, 5, 55, and 275 Gallons

GAS & ELECTRIC UTILITIES

- ☐ Generator and turbine maintenance - removes oil and carbon buildup from non-energized equipment
- ☐ Transformer pad cleaning - addresses oil leaks and environmental debris
- ☐ Fleet vehicle maintenance - cleans utility trucks and service vehicles
- ☐ Substation equipment cleaning - safely removes accumulated grime from non-energized components
- ☐ Maintenance facility floors - tackles equipment oils and hydraulic fluid spills

WATER TREATMENT

- ☐ Pump and motor housing cleaning - removes lubricants from mechanical equipment
- ☐ Maintenance shop floors - tackles hydraulic fluid spills and equipment oils
- ☐ Vehicle and equipment washing - removes oils from service trucks and maintenance vehicles
- ☐ Filtration equipment maintenance - cleans non-process

OPPORTUNITIES IN MUNICIPALITIES

WASTE MANAGEMENT

- ☐ Collection vehicle maintenance - removes hydraulic fluid, engine oil, and grease from trucks
- ☐ Transfer station floors - tackles oils and grease from heavy equipment operations
- ☐ Vehicle wash bay maintenance - addresses automotive fluids and tracked contaminants
- ☐ Compactor equipment cleaning - removes grease and oils from mechanical components
- ☐ Maintenance shop floors - handles equipment oils and hydraulic fluid spills

WASTEWATER TREATMENT

- ☐ Pump station equipment - removes oils and grease from mechanical components
- ☐ Blower and aeration equipment - cleans accumulated oils from air handling systems
- ☐ Maintenance shop floors - tackles hydraulic fluid spills and equipment oils
- ☐ Vehicle and equipment washing - removes oils from service trucks and maintenance equipment
- ☐ Screening equipment maintenance - removes accumulated oils and debris from mechanical components

RECYCLING FACILITIES

- ☐ Sorting equipment maintenance - removes oils and lubricants from mechanical sorting systems
- ☐ Baler and compactor cleaning - addresses hydraulic fluid and grease buildup
- ☐ Facility floor maintenance - tackles tracked oils and equipment grease
- ☐ Vehicle maintenance bays - cleans collection and transport vehicle service areas
- ☐ Parts washer solutions - cleans components during equipment maintenance
