

OPPORTUNITIES IN LARGE VENUE

CLR PRO MAX® INDUSTRIAL DESCALER

Helps quickly restore
equipment to peak condition.

Available in 1, 5, 55, and 275 Gallon.

CONVENTION CENTERS

- ☐ Exhibit hall bathroom facilities - removes mineral deposits from high-volume restroom fixtures
- ☐ Food service equipment descaling - eliminates scale from coffee stations, beverage dispensers, and ice machines
- ☐ HVAC system maintenance - removes mineral buildup from cooling towers and heat exchangers
- ☐ Water fountain descaling - maintains drinking fountains throughout public and meeting spaces
- ☐ Kitchen facilities - removes scale from dishwashers, steamers, and hot water equipment serving catering operations
- ☐ Hotel-style suite bathrooms - restores showers, tubs, and fixtures in premium meeting spaces
- ☐ Humidification system cleaning - eliminates scale deposits from climate control equipment

SPORTS ARENAS

- ☐ Locker room shower facilities - removes hard water stains and mineral buildup from athlete shower areas
- ☐ Pool and aquatic center maintenance - eliminates scale from showers and facility fixtures
- ☐ Concession stand equipment - descales commercial coffee makers, soda fountains, and ice machines
- ☐ Training room equipment - removes mineral deposits from hydrotherapy tubs and rehabilitation pools
- ☐ HVAC system descaling - maintains cooling towers and climate control efficiency
- ☐ Public restroom maintenance - removes calcium deposits from high-traffic bathroom fixtures and urinals

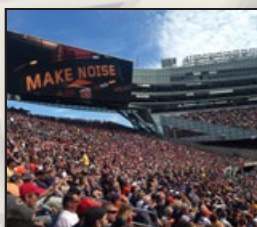

OPPORTUNITIES IN LARGE VENUE

THEME PARKS & AMUSEMENT PARKS

- ☐ Park-wide restroom maintenance - removes calcium deposits from thousands of high-traffic bathroom fixtures and urinals
- ☐ Food service equipment descaling - eliminates scale from ice machines, beverage dispensers throughout multiple locations
- ☐ Water ride maintenance - descales pumps, filters, and circulation systems
- ☐ Cooling tower descaling - maintains HVAC efficiency across large campus operations
- ☐ Employee cafeteria equipment - descales commercial kitchen equipment serving staff dining facilities
- ☐ Pressure washer maintenance - removes scale from equipment used for nightly park cleaning operations
- ☐ Drinking fountain network - maintains hundreds of water fountains throughout park grounds

STADIUMS

- ☐ Bathroom fixture restoration - removes calcium deposits and water stains from thousands of toilets, urinals, and sinks
- ☐ Boiler and hot water system descaling - extends equipment life by removing mineral deposits from heating systems
- ☐ Cooling tower maintenance - eliminates scale buildup that reduces HVAC efficiency
- ☐ Drinking fountain descaling - safely removes mineral buildup from public water fountains throughout venue
- ☐ Ice machine cleaning - removes scale from water lines and cooling systems in concession areas
- ☐ Irrigation system descaling - removes mineral buildup from field sprinkler heads, valves, and distribution lines
- ☐ Dishwasher descaling - removes limescale from commercial dishwashing equipment in kitchens
- ☐ Fountain and water feature maintenance - clears mineral buildup from decorative stadium water displays
- ☐ Pressure washer descaling - removes scale from pumps and heating elements used for stadium cleaning

CLR PRO MAX® INDUSTRIAL DESCALER

Helps quickly restore equipment to peak condition.

Available in 1, 5, 55, and 275 Gallons

OPPORTUNITIES IN LARGE VENUE

COMMERCIAL KITCHENS

- ❑ Combo oven descaling - removes mineral buildup from steam-generating cooking equipment
- ❑ Dishwasher system maintenance - eliminates scale from dish machines serving high-volume operations
- ❑ Steam kettle cleaning - descales large-capacity cooking equipment
- ❑ Ice machine descaling - removes mineral buildup from commercial ice production systems
- ❑ Coffee and beverage equipment - descales high-volume brewing and dispensing systems
- ❑ Pre-rinse spray valve maintenance - restores water flow by removing mineral deposits
- ❑ Water heater descaling - maintains large-capacity hot water systems for kitchen operations
- ❑ Sink and fixture cleaning - removes hard water stains from pot sinks and hand washing stations

WATERPARKS

- ❑ Pool deck and drain fixture descaling - removes calcium and mineral deposits from deck drains and surrounding hardscape
- ❑ Public restroom and locker room fixtures - eliminates hard water stains from high-traffic shower, sink, and toilet facilities
- ❑ Water slide pump and filtration equipment - descales non-guest-contact components in circulation systems
- ❑ Wave pool and lazy river equipment - removes mineral buildup from pump housings and mechanical components
- ❑ Food and beverage equipment - descales ice machines, soda fountains, and coffee equipment at concession stands
- ❑ Cabana and rental area fixtures - restores sinks and outdoor shower fixtures used by guests
- ❑ Water heater and boiler maintenance - removes scale from heated pool and spa water systems
- ❑ Locker room humidity control systems - eliminates mineral deposits from dehumidification equipment
