

DESCALING OPPORTUNITIES IN **MUNICIPALITIES**

**CLR PRO MAX®
INDUSTRIAL DESCALER**

Helps quickly restore
equipment to peak condition.

Available in 1, 5, 55, and 275 Gallon.

GAS & ELECTRIC UTILITIES

- ☐ Cooling tower maintenance - eliminates scale buildup that reduces power generation efficiency
- ☐ Substation equipment - removes mineral deposits from non-energized cooling components
- ☐ Administrative facility fixtures - descales office building restrooms and break rooms
- ☐ Fleet vehicle radiators - removes mineral deposits from utility vehicle cooling systems

WATER TREATMENT

- ☐ Filtration equipment maintenance - removes mineral scale from non-process support equipment
- ☐ Administrative building fixtures - descales office restrooms and break room equipment
- ☐ Laboratory equipment - safely removes mineral deposits from testing sinks and glassware
- ☐ Pump station fixtures - descales non-process equipment and support sinks

OPPORTUNITIES IN MUNICIPALITIES

WASTE MANAGEMENT

- ☐ Facility restroom fixtures - removes hard water stains from employee bathroom facilities
- ☐ Vehicle wash bay equipment - descales pressure washers used for collection vehicle cleaning
- ☐ Break room equipment - eliminates scale from employee kitchen appliances
- ☐ Transfer station equipment - descales water systems used for dust suppression
- ☐ Leachate collection system maintenance - removes mineral scale buildup in landfill leachate piping and pumps

WASTEWATER TREATMENT

- ☐ Heat exchanger descaling - removes mineral buildup that impedes efficiency in digester heating systems
- ☐ Boiler system maintenance - eliminates scale from facility heating equipment
- ☐ Administrative building fixtures - removes calcium deposits from office restroom facilities
- ☐ Pump station fixtures - descales non-process sinks and support equipment

RECYCLING FACILITIES

- ☐ Facility restroom fixtures - removes calcium deposits from employee bathroom facilities
- ☐ Break room equipment - eliminates scale from kitchen appliances and coffee equipment
- ☐ Equipment cooling systems - descales sorting equipment cooling components
- ☐ Wash-down station equipment - removes mineral buildup from cleaning equipment
