

OPPORTUNITIES IN

TRANSPORTATION

CLR PRO MAX®
INDUSTRIAL DESCALER

Helps quickly restore
equipment to peak condition.

Available in 1, 5, 55, and 275 Gallon.

AIRPORTS & AIRPLANES

- ❑ Terminal restroom fixtures - removes calcium deposits and water stains from thousands of high-traffic toilets, urinals, and sinks
- ❑ Airport food service equipment - descales coffee makers, ice machines, and beverage dispensers throughout concessions
- ❑ Terminal water fountains - safely removes mineral buildup from drinking fountains in public areas
- ❑ Aircraft galley equipment - descales coffee makers and water systems in airplane kitchens
- ❑ Maintenance facility equipment - descales pressure washers and cleaning equipment
- ❑ HVAC system maintenance - removes mineral buildup from cooling towers and climate control systems
- ❑ Dishwasher descaling - eliminates scale from commercial dish machines in airport restaurants and lounges

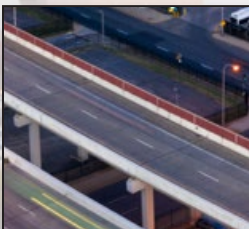

TRAIN STATIONS & TRAINS

- ❑ Station restroom fixtures - removes calcium deposits from high-traffic public bathroom facilities
- ❑ Train car bathroom maintenance - descales toilets, sinks, and fixtures on passenger rail cars
- ❑ Café car equipment - removes mineral buildup from coffee makers, steamers, and beverage dispensers
- ❑ Station food service equipment - descales ice machines, dishwashers, and kitchen equipment
- ❑ Water fountain maintenance - eliminates scale from drinking fountains throughout stations
- ❑ Locomotive cooling systems - descales radiators and heat exchangers (external components)
- ❑ Maintenance facility equipment - removes scale from pressure washers and cleaning equipment
- ❑ HVAC system descaling - maintains climate control efficiency in stations and rail cars
- ❑ Commissary dishwasher maintenance - descales equipment in train car servicing facilities

OPPORTUNITIES IN

TRANSPORTATION

HIGHWAYS, REST STOPS, WELCOME CENTERS & GAS STATIONS

- ☐ Public restroom fixtures - removes calcium deposits and hard water stains from high-volume bathroom facilities
- ☐ Coffee and beverage equipment - descales machines in convenience stores and welcome centers
- ☐ Ice machine maintenance - eliminates scale buildup in fuel station and rest stop ice makers
- ☐ Water fountain descaling - maintains drinking fountains at welcome centers and rest areas
- ☐ Pressure washer maintenance - descales equipment used for facility and vehicle cleaning
- ☐ Sink and fixture cleaning - removes mineral deposits from food service and restroom areas
- ☐ Hot water system descaling - maintains water heaters serving restrooms and food service
- ☐ Dishwasher maintenance - descales equipment in rest stop and travel center food service operations

PORTS, BARGES & CRUISE SHIPS

- ☐ Galley equipment descaling - removes mineral buildup from steamers, coffee makers, and dishwashers
- ☐ Crew and passenger bathroom fixtures - eliminates calcium deposits from showers, sinks, and toilets
- ☐ Laundry equipment maintenance - descales commercial washing machines serving large vessel operations
- ☐ Water maker system maintenance - removes scale from desalination equipment components
- ☐ Ice machine descaling - eliminates mineral buildup in shipboard ice production systems
- ☐ Coffee and beverage stations - descales equipment throughout passenger and crew areas
- ☐ Heat exchanger maintenance - removes scale from cooling systems and HVAC equipment
- ☐ Sink and fixture cleaning - restores water flow in food preparation and cleaning areas
- ☐ Port facility restrooms - removes mineral deposits from dockside public bathroom facilities
- ☐ Shore-side equipment descaling - maintains pressure washers and cleaning equipment at port facilities
