

DESCALING OPPORTUNITIES IN EDUCATION

**CLR PRO MAX®
INDUSTRIAL DESCALER**
Helps quickly restore
equipment to peak condition.

Available in 1, 5, 55, and 275 Gallon.

CLASSROOMS

- ❑ Science laboratory equipment - safely descales glassware, sinks, and lab fixtures without harsh acid odors
- ❑ Water fountain maintenance - removes mineral buildup from classroom drinking fountains
- ❑ Humidifier system cleaning - eliminates scale deposits that can harbor bacteria and reduce efficiency
- ❑ Sink and fixture cleaning - removes mineral deposits from art room, science lab, and classroom sinks
- ❑ HVAC condensate line maintenance - clears mineral buildup in air conditioning drain lines

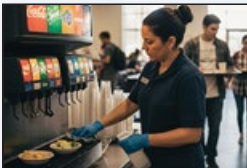

GROUNDS DEPARTMENTS

- ❑ Irrigation system descaling - removes mineral buildup from sprinkler heads, valves, and distribution lines
- ❑ Pressure washer maintenance - eliminates scale from pumps and heating elements
- ❑ Outdoor fountain maintenance - clears mineral buildup from decorative water features
- ❑ Greenhouse irrigation equipment - descales misting systems and watering equipment
- ❑ Athletic field irrigation - maintains proper water flow by removing scale from underground systems

DESCALING OPPORTUNITIES IN EDUCATION

CAFETERIAS

- ❑ Dishwasher descaling - removes limescale from heating elements, spray arms, and water lines in commercial dishwashing equipment
- ❑ Steam table maintenance - eliminates mineral buildup in food warming equipment and water reservoirs
- ❑ Coffee and beverage equipment - descales commercial coffee makers, tea brewers, and hot water dispensers
- ❑ Ice machine cleaning - removes scale buildup in water lines, evaporators, and cooling systems
- ❑ Sink and fixture restoration - effectively removes calcium deposits and water stains from stainless steel sinks and faucets
- ❑ Floor drain maintenance - clears mineral buildup in drainage systems
- ❑ Water heater descaling - extends equipment life by removing calcium and mineral deposits from cafeteria water heating systems

DORMITORIES

- ❑ Bathroom fixture restoration - removes stubborn calcium deposits and water stains from showers, toilets, and sinks
- ❑ Water fountain descaling - safely removes mineral buildup from drinking fountains throughout residence halls
- ❑ Laundry equipment maintenance - eliminates scale from washing machine heating elements and water lines
- ❑ Shower head and faucet cleaning - restores water flow by removing mineral deposits
- ❑ Hot water system descaling - removes scale buildup in dormitory water heaters and distribution lines
- ❑ Toilet bowl stain removal - effectively eliminates hard water rings and mineral deposits
- ❑ Tile and grout cleaning - removes soap scum and mineral deposits from bathroom surfaces
