Sofidel 

POWERED BY **DOUBLE LAYER**

DOUBLE LAYER

is designed to address the challenges often encountered by establishments with a high volume of visitors or sewage issues that require fast dissolving toilet paper. **DOUBLE LAYER** not only give guests a premium feeling experience, but it also **disintegrates by 100%** in just **30 seconds**.*

COMBINING MAXIMUM STRENGTH AND SOFTNESS WILL IMPROVE CUSTOMER EXPERIENCE

DOUBLE LAYER utilizes a unique production process that combines **two fiber mixtures into a single ply**, creating paper products that are both strong and soft. With long fibers at the bottom for **strength** and short fibers on top for **softness**, this one-ply product offers space optimization and requires less frequent replacement.

All **Papernet powered by DOUBLE LAYER** products blend premium performance with environmental responsibility, and are made with only **FSC™ certified** paper.

*Disintegration test performed on a sample of Papernet powered by Double Layer: ISO 12625-17:2021
