Busy work environments mean restaurant operators are looking for products that can make cleaning tasks easier and more efficient.

Hygiene solutions can play an important role in freeing up time, so staff can focus on preparing food and serving customers.

1 TORK 2020 Research Study

Restaurant operators want flexible and efficient cleaning products

1 Good hygiene is an essential part of a safe and clean dining experience, but cleaning tasks can take up a lot of time.

2 Often, foodservice towels don't have enough abrasiveness to clean up hardened and stubborn messes in restaurants.

3 Staff need to use multiple, specialized products for cleaning tasks in both front and back of house.

Introducing New Tork 2 in 1 Scouring and Cleaning Foodservice Towel

New Tork 2 in 1 Scouring and Cleaning Foodservice Towels are an abrasive and absorbent foodservice towel designed for efficient cleaning. These towels break up hard to clean messes using the abrasive side, then flip it over to absorb using the soft side.

Can be used as an alternative to scouring sponges and pads in the kitchen and dining area.

- Clean stubborn messes more efficiently with 2 in 1 abrasive and absorbent scrubbing*
- Flexible and easy to clean in harder to reach places
- Reusable up to 10 times for less waste
- Non-scratch**

*Compared with standard Tork Foodservice Wipers

What customers say about the Tork 2 in 1 Scouring and Cleaning Foodservice Towel

*"It was **much easier to clean** with it than with a sponge and cloth. It's basically a **2 in 1** and I really liked that. Nothing was stained or greasy after cleaning. **Everything was super clean.**"*

*"**Easy to flip** from rough to soft side. Good to have a **rough and soft in the same tool**. Soft side **did not leave streaks** on stainless steel."*

*"It was **more abrasive** so I didn't have to use as much elbow grease when scrubbing."*
