

TouchFREE
Ultra™
FOAM Hand Hygiene
Dispensing System

Power efficient **TouchFREE Ultra™** dispenser, specifically designed for use with SCJP's great range of foam hand hygiene products: luxury foam soaps, antimicrobial foam soaps and alcohol-based foam hand sanitizers.

LOW MAINTENANCE

Robust, easy-to-clean dispenser surface with keyless non-locking option and product cartridges that can be replaced in seconds.

LONG LASTING

TouchFREE Ultra™ features innovative infrared sensing technology that improves battery life by up to two times providing up to 5 years of operation in typical usage conditions.

COST EFFECTIVE

TouchFREE Ultra™ delivers the correct amount of product for each application, providing up to 1,700 hand washes per cartridge.

BRAND IT YOUR OWN

With the largest custom print area on the market and our chemical and fade resistant, full color, cutting-edge print technology, you can brand it your own.

COMPACT & ADA COMPLIANT

Extends less than 4 inches from the wall as required for all ingress and egress locations, reducing the impact on the environment where it is located.

About SC Johnson Professional®

SC Johnson Professional® is part of SC Johnson®, a family company and one of the world's leading manufacturers of household cleaning products and products for home storage, air care, pest control and shoe care, as well as professional products. The company has a long history in the professional market, in which it started operating in the 1930's.

SC Johnson Professional® provides expert skin care, cleaning & hygiene solutions for industrial, institutional and healthcare users. This incorporates the Deb range of specialist occupational skin care products along with well-known SC Johnson® brands and innovative professional cleaning & hygiene products.

The SC Johnson Professional® purpose is to bring innovative, quality products and services to professional markets with outstanding performance that respect the environment, create efficiencies, reduce inventories, simplify training and provide a positive user experience. This is built on a deep understanding of customer needs and a vision for 'rethinking the professional experience' with the user in mind.
