Product Catalog

fresh™
P R O D U C T S

Keeping your world smelling fresh.

WHY CHOOSE FRESH PRODUCTS?

PRODUCT INNOVATION

By focusing solely on odor control and air care products, we understand and master the critical details that competitors miss – and we have the patents to prove it.

MADE IN U.S.A

95% of our products are manufactured in Perrysburg, Ohio. We are proud to be family-owned and globally-known.

BEST COST IN USE

Fresh manufactures not only the most innovative products, but the easiest to use. This, combined with best-in-class category management, means best cost-in-use and greater profitability.

SUSTAINABILITY

Caring for our planet is at the core of everything we do. All of our urinal screens contain 5-10% recycled material, most of our air freshener refills are 100% recyclable, and our liquids are non-toxic and biodegradable. We also offer the industry's only closed-loop recycling program.

KEY:

Products are 100% recyclable and eligible for the Fresh Products Closed-Loop Recycling program

Product contains billions of bio-actives that consume odors at the source

THE POWER OF FRAGRANCE

Fragrance is a great way to enhance environments and user experiences. Smell is our strongest sense, as it's the only one directly tied to the brain. Olfactory bulbs are part of the brain's limbic system, which is related to memory, learning, creativity, and emotion.

Numerous studies have shown that fragrance can affect mood and behavior. For instance, lavender has calming properties. Fresh Products offers a wide range of proprietary fragrances, scientifically formulated for the unique specifications of each application.

Rotate your fragrances every month to prevent nasal fatigue.

WE'RE THE INDUSTRY LEADER IN URINAL SCREENS – BECAUSE WE REVOLUTIONIZED IT.

Until the mid-2000's, the product "solution" for urinal odor was an industrial smelling puck. Then, Fresh Products invented a new solution *and reinvented the category*. We have continually introduced new, patented innovations and improvements, keeping restrooms all over the world cleaner and fresher.

ALL FRESH URINAL SCREENS FEATURE:

Patented Fragrance Load – The highest fragrance percentage to keep restrooms smelling fresher, longer

Patented Double-Sided Design – Diffuses & deflects urine to prevent splash back and keep floors cleaner

Patented Date Tab System – Reminds you when to change out screens

Beneficial Bacteria – Billions of bio-actives that consume odors at the source

TSUNAMI

A SURGE OF 60-DAY PROTECTION

- Contains almost 3x more fragrance than other vertical screens
- Stands on its own – no suction cups
- Reversible – performs on either side
