BETTER AIR CARE. BETTER EXPERIENCES.

We're very proud to make restrooms everywhere fresher - and to create better experiences for all of your customers. Dirty restrooms are easy to identify and hard to forget. Unflushed toilets, sticky floors and foul odors are clear indicators of uncleanness, which has a direct impact on not only business and workplace perceptions, but also performance.

This guide provides an overview of restroom issues - and a way to provide better solutions. We're confident that the RJ Schinner + Fresh Products partnership will result in making fresher restrooms and better experiences as easy as RJ Schinner makes everything else for its customers.

Key facts to consider:

95%

95% of facility cleanliness complaints are restroom-related

3%

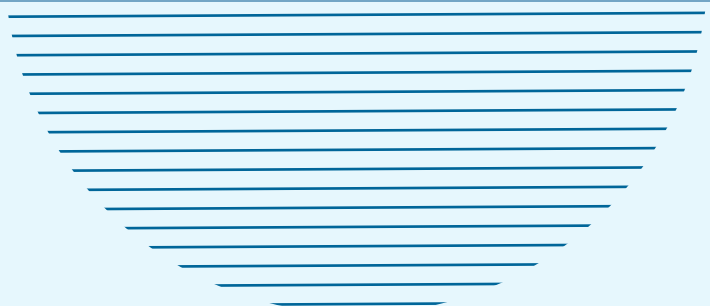

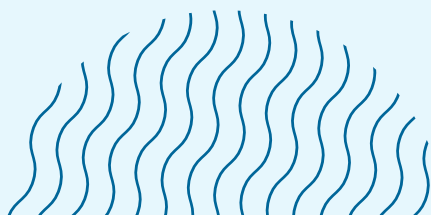

Only 3% of restrooms have a consistent air freshener replacement program

50%

50% of cleaning complaints are odor-related

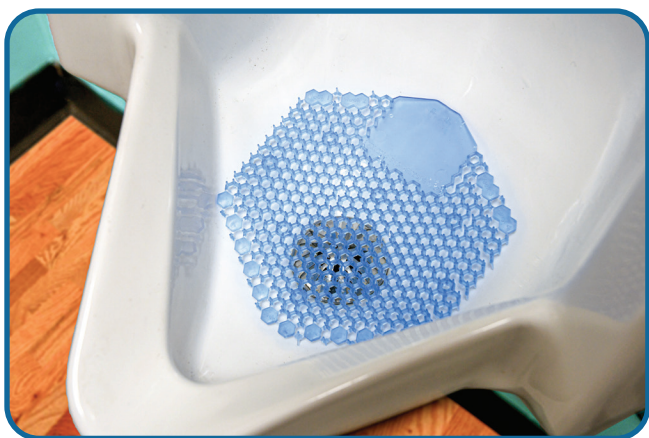

50%

The happiest employees are 50% more motivated & productive at work
