Personal Care Product Guide

WOMEN'S HEALTH

Personal Care Product Selection Guide

The Optimal System

Personal care is part of what constitutes a well-appointed restroom, one that has public health at its core (much as soap and water do currently.) Choosing the optimal system is easy as 1-2-3. It consists of dispensers, vended product and a safe and sanitary method of disposal.

 = denotes optimal system products

Step 1 Choose a dispenser

Evogen® EV1 Vendor
EV1-FREE (White)
EV1SS-FREE (Stainless Steel)

Evogen® EV2 Vendor
EV2-FREE (White)
EV2SB-FREE (Stainless Steel/
Black Metal)
EV2SS-FREE (Stainless Steel)

Dual Channel Vendors
MT1 (White)
D1 (White)
D1-FSS (Stainless Steel)

Necessities® Courtesy Dispenser
HS-6166

Step 2 Choose a vended product

Maxithins® Maxi Pads
MT-4

Maxithins® Ultra Thin with Wings
MT-200

Gards® Maxi Pads
147A

Tampax® Tampons
T500

All **Evogen® FREE vendors** include a patented time delay mechanism between vends, discouraging repeat vends. Temperature and humidity can affect the time delay setting.

Evogen® EV1 Vendor: The optimal choice due to the large capacity, ADA compliance and contemporary design.

Evogen® EV2 Vendor: ADA compliant, contemporary design and compact size ideal for fast casual restaurants or other areas where smaller restrooms are found.

Dual Channel Vendors: Economical large capacity options.

Necessities® Courtesy Dispenser: Simple and compact, this ready to use dispenser provides personal care items as a courtesy to patrons.

Offer the leading brands of vended sanitary napkins and tampons. When you specify quality, customers notice.

Step 3 Choose a system for safe and sanitary disposal of product

Safe and sanitary disposal is an important part of a complete personal care solution for public restrooms. With no safe and sanitary way to dispose of used products, people may wrap them in toilet paper or just throw used products into waste receptacles unwrapped — or worse, flush them down the toilet.

"Scensibles System has worked wonderfully for us and it's one of the best things we've done to improve restroom appearance, odor control, and assurance of proper disposal."

— Don Sullivan, Manager of Custodial Services, University of Massachusetts at Amherst

Scensibles® Metal Combination Receptacle
CDWM (White Metal)
CDSS (Stainless Steel)

Standard Receptacle
250-201W (White Plastic)
ND-1W (White Metal)
ND-1E (Stainless Steel)

Scensibles® Plastic Combination Receptacle
(w/Removable Rigid Liner)
CDW (White)

Plastic Receptacle
(w/Removable Rigid Liner)
HS-6140WP (White)

Swing Type Double Entry Metal Receptacle
2201 (White)

Scensibles® Personal Disposal Bag Dispenser
SDW (White Plastic)
SDSC (Satin Chrome Plastic)
SDSS (Stainless Steel)
Personal Disposal Bag Refills
SBX50

Scensibles® SecureFit360® Poly Liner Bags
LBSF500

Scensibles® Poly Liner Bags
LBM500

Kraft Waxed Liner Bags
KL

Scensibles® Poly Liner Bags
LBM500

Kraft Waxed Liner Bags
HS-6141

Kraft Waxed Liner Bags
6802W

Helps to prevent costly plumbing problems caused by flushing used product.

Choose the correct fitting liner bag to follow OSHA expectations.

Did you know?

According to a 2013 national study of U.S. women ages 18 to 54, commissioned by Free the Tampons Foundation:

86% of women report that they've started their periods unexpectedly in public without the supplies they needed.

48% obtained their supplies from a tampon/pad dispenser in a public restroom.

79% of women who unexpectedly started their periods in public without supplies, improvised with toilet paper, paper towels, or another makeshift fix.

But ...**ONLY 8%** say that, in their experience, tampon and sanitary napkin dispensers in public restrooms work all the time.

Women should find readily accessible tampons and pads in every restroom outside the home. Why? Well, it has been described many ways, women's health, equality, equity, basic human dignity. In states like New York, Illinois and California, policy makers recognized that personal care items are a health care necessity and signed policy directives that ensure they are provided at no charge in their grades 6-12 schools. The movement started in schools, but is progressing to the entire "away from home" market.

June 2016: New York City passed first legislation to ensure free access to personal care items in schools

April 2018: Schools in New York State are required to provide free menstrual products in restrooms for girls in grades 6 through 12.

August 2017: Illinois passed law requiring schools to provide free tampons and sanitary napkins in the bathrooms

October 12, 2017: Bill signed in California that requires qualifying California schools to provide free tampons and pads.
