

EASYTASK® REFILLABLE CLEANING SYSTEM

Key Features

- EasyTask® is available in 2 dry wiper substrates:
Hydrospun: Durable, low lint and absorbent
Meltblown: Multi-layer for added strength and compatible with disinfectants/sanitizers
- Use the refillable cleaning system to create your own wet wipe by choosing the desired wiper with the EasyTask® bucket and adding your own cleaning/disinfection solution
- Reduces the cost of cleaning/disinfecting solutions
- Eliminates cross contamination on surfaces – use a new wipe each time
- Bucket system reduces vapors and fumes caused from cleaning/disinfecting solutions

Applications

- Hydrospun: Used with solvents and detergents to remove dirt and grime
- Meltblown: Surface disinfecting/sanitizing
