

Why promote any other name than your own?

Market your name with private label opportunities from HOSPECO

■ wiper private label program

wiper private label program

HOSPECO is proud to offer private labeling on our TaskBrand® disposable wiper line.

Benefits

- Promote your brand and spread awareness of your company
- Make it easy for your customers to remember you and where to re-order
- Use your own item numbers to ease inventory management
- Increase profit margin by selling your own brand name

How it Works

Work with your HOSPECO sales representative and select the items you would like to private label from this brochure. Decide on the method you would like to use for your private label from the options outlined below.

Option 1: Adhesive Labels

This option allows you to have a private label program on an order to order basis. It is an excellent way to grow your business and is investment free.

- Minimum order: 1 pallet per SKU
- Quick delivery - normally 1-2 weeks
- Full color labels available that you can design or we can design for you
- Several label formats/sizes to choose from (see back page for format/size options)
- No plate or die charge - each label in addition to the standard single label per master case may require an additional charge per label

Option 2: Printed Packaging

This option allows you to private label both inner and outer packaging with your name and logo to create a professional image for your private label wiper line.

- Minimum Commitment: 1000 master shipping units per SKU - to be shipped in a maximum of 120 days (If inner box packaging reaches the 1000 unit requirement for printing, but master shipping units do not, a printed label can be used on the master shipping units while still utilizing printed inner box packaging)
- Custom packaging that you can design or we can design for you
- Plate and die charges invoiced at cost or prorated into the price of the product
- Private Label Agreement

Finally, work with your representative to fill out any necessary forms and then the Marketing Department will begin creating the artwork for your new private label items. Once artwork is complete, proofs will be sent for your approval before going into production.
