BE NOTICED!

The average cost per slip-and-fall accident is \$22,000, totaling around \$70 billion each year. Businesses can reduce slip-and-fall accidents by promoting safety and using proper equipment. In a comprehensive study of Banana Products™ wet floor cones vs traditional wet floor signs, 88% of participants noticed the “Banana Cone”, versus 7% noticing the “Floor Sign”. This study concludes that pre-existing knowledge of the banana peel slip reference is the root cause for “Banana Cone” to significantly outperform all other products in tests for safety perception⁽¹⁾
