

KLEENGUARD™

A50 Breathable Chemical Splash & Particle Protection Coveralls

AN UNRIVALED COMBINATION OF BREATHABILITY AND SPLASH PROTECTION

With KleenGuard™ A50 Coveralls, you can have it all — breathability and liquid splash protection. We've taken our strong and breathable SMS base sheet and treated it with a proprietary coating to repel select chemicals. The result? KleenGuard™ A50 Coveralls keep workers cooler than KleenGuard™ A40 Coveralls.*

Like all KleenGuard™ Protective Clothing, the A50 Coveralls are designed with human-centric engineering that enables rather than inhibits — allowing for maximum productivity and safety.

KleenGuard™ Protective Clothing — Perform with Distinction.

A50

BREATHABLE CHEMICAL SPLASH
& PARTICLE PROTECTION

- ▶ Thumb loops for increased wrist protection
- ▶ Elasticized respirator-fit hood, ankles and cuffs
- ▶ Low-lint

COMFORT & FIT

- Specially designed, three-piece elasticized hood for good respirator fit and comfort
- Garment allows for more strenuous work under similar conditions versus standard film laminate apparel
- Slows body heat gain – increasing comfort
- Elastic waist
- Reflex® design provides a generous fit and added range of motion
- Two-way zip for quick, easy access to work clothes

PROTECTION

- EN 1149-5 for anti-static materials
- EN 1073-2 approved for radioactive dust protection
- EU Complex design – Category III, Type 5&6
- Strong overlapped internal seams protect against tearing and entry of contaminants
- Not made with silicone
- Thumb loops for increased wrist protection

TYPICAL USES:

- Chemical and pharmaceutical industries
- Manufacturing
- Utilities
- Electronics
- Agriculture
- Paint spraying in automotive and aerospace industries

Recyclable with RightCycle by Kimberly-Clark Professional®
www.KCProfessional.com/RightCycle

Help us protect our planet! Sustainability matters to you and to us. That's why we created The RightCycle™ Program, the first large-scale recycling program that enables you to collect previously hard-to-recycle items, such as Kimberly-Clark Professional nitrile gloves, safety eyewear and single-use apparel items, and have them turned into new consumer goods. Find out more at www.KCProfessional.com/RightCycle.
