

# PPS

## Pail-less Packaging System

**Reduce Waste**  
**Increase Productivity**

# A New Flexible Packaging Option

- **Easy-to-use**
- **Durable, lightweight and collapsible**
- **Convenient built-in handles for easy carrying**
- **Reduced content waste**
- **Space saving design - 33% more per pallet**
- **Less product waste - bags can be emptied completely**
- **Reduces material and shipping costs**
- **Fewer greenhouse gas emissions versus rigid containers**
- **Smaller carbon footprint**

# to Replace Bulky Rigid Containers

## Sustainability Information as compared to conventional rigid pails

<b>Material Weight</b>	<b>≈ 65% less</b>
<b>Total Energy Expenditure</b>	<b>≈ 60% less</b>
<b>Greenhouse Gas Emissions</b>	<b>≈ 30% less</b>
<b>Post-Consumer Solid Waste</b>	<b>≈ 65% less</b>
