

**DILUTION CONTROL & REFILLS**  
A Truly Portable Dilution Control System!

- Two bottles lock & join with sprayer head.
- One bottle for water to refill from any water source – faucet, drinking fountain, etc.
- Second bottle contains cleaning chemical concentrates with preset dilution ratio.
- If either bottle is empty the sprayer will not work.
- No spills, no exposure to concentrates.
- Refillable bottles mean less plastic waste.

Up to 22 Quarts

**Dual Sprayer & Empty Water Bottle**

721013-EA
