

FLOOR STRIPPING PADS

BLACK STRIP FLOOR PAD

Designed for heavy-duty wet stripping, these pads have a very aggressive texture and are optimal for removing wax, dirt and any finish. Tough, durable and built to perform, these pads are best used with 175-300 RPM machines.

HIGH PERFORMANCE STRIPPING FLOOR PAD

The most abrasive stripping pad, tear resistant and long wearing. Highly aggressive, a wide open mesh construction allows solutions to flow through these 5/8" pads without loading or build - up. These pads are best used with 175-300 RPM machines.
