SUSTAINABILITY

Value that creates value

LESS IS MORE

Less is More means seeking while planning activities, just like designing and carrying out projects for improvement. We strive for the most innovative, creative and original solutions to give “more” in terms of values, products and services, and “less” in terms of energy and water consumption, production of climate-altering gases, price/costs and any kind of negative impact.

-23%

DIRECT EMISSIONS REDUCTION FOR EACH TON OF PAPER PRODUCED (2009 FIGURES)

-13%

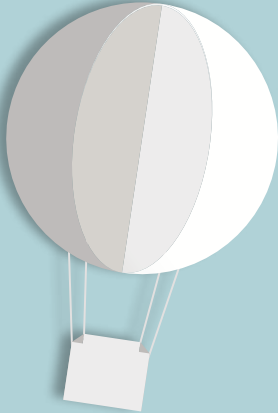

INDIRECT EMISSIONS REDUCTION FOR EACH TON OF PAPER PRODUCED (2010 FIGURES)

+8%

OF ANNUAL CONSUMPTION WILL BE COVERED BY RENEWABLE SOURCES

THE OBJECTIVES WILL BE ACHIEVED THROUGH:

-INCREASING ENERGY EFFICIENCY
-PRODUCTION OF ELECTRICAL AND STEAM ENERGY
-USE OF RENEWABLE ENERGIES

Among the most recent investments, a cogeneration plant is already operational in Haines City, Florida.

HARDWOUND

If you think all towels are the same, you should try Papernet's Hardwound Roll Towels.

Papernet's wide assortment of virgin, recycled, and innovative rolls are perfect for high-traffic areas where run out and affordability are concerns. With a number of affordable and innovative options and lengths, Papernet is sure to meet any customer's needs.

MULTIFOLD

This universal product offering is popular in segments such as foodservice, office buildings, and hospitality.

Fitting a variety of dispensers, these towels are a value option on a per towel basis. Papernet offers a wide range of Multifold Towels, everything from a 2-ply laminated for customers who prefer a high-quality image, to a single ply Kraft towel for the value-conscious customer.

THE ONLY TOILET PAPER THAT **PROTECTS PIPES AND YOUR BUSINESS.**

TECH LINES

Bio Tech is a **unique, innovative product** that generates superior profit margins. It allows **selling strong savings** because it greatly reduces maintenance costs for pipes and sewer systems. Use of Bio Tech significantly helps keep pipes and sewer systems clean, with results seen in an average of just 4 weeks. **The more Bio Tech is used the more it cleans.**

An exclusive product: a **biologic Active Tissue Paper**. It contains **5 types of natural microorganisms** (harmless for people and for the environment) that, upon activation through contact with water, **produce enzymes that feed on the incrustations and organic substances present in pipes.**

4 REASONS WHY

RESPECTS THE ENVIRONMENT

DIS SOLVETECH

NO MORE RISK OF CLOGS. PAPER TOWELS THAT **DISSOLVE**.

TECH LINES

Dissolve Tech is **resistant like a hand towel** and, if accidentally thrown in the toilet, dissolves like normal toilet paper. Its performance has been scientifically tested by the most prestigious research institutes.

Dissolve Tech is a great victory for **hygiene** and a new record for Papernet: **ideas, resources** and **technologies** to supply **hygiene and quality** - always.

In contact with water, **it dissolves in 3 minutes**, as demonstrated by the disintegration of tissue products scientific test performed by the Centre Technique du Papier in Grenoble, France.

4 REASONS WHY

RESPECTS THE ENVIRONMENT

DISSOLVES IN CONTACT WITH WATER

PERFORMS LIKE CONVENTIONAL HAND TOWELS

REDUCES THE COST IN USE

DOUBLE LAYER

DOUBLE THE RESISTANCE, HALF THE COST.

Double layer is a great victory for **hygiene** and a new record for Papernet: **ideas, resources** and **technologies** to supply **hygiene and quality** - always.

As single-ply paper, Double Layer allows **storing a greater amount of product in the same space**. The roll needs to be changed less frequently, resulting in tangible **savings in management costs**.

Given its length, the roll lasts longer and this means concrete savings on deliveries and hence reduced pollution due to transportation and to CO2 emissions.

DRY TECH

HIGH PERFORMANCE. LOW WASTE.

TECH LINES

Dry Tech is a great victory for **hygiene** and a new record for Papernet: **ideas, resources** and **technologies** to supply **hygiene and quality** - always.

Dry Tech is bulkier and softer thanks to its internal air pockets that guarantee extremely high wet and dry strength and top reliability. **Absorbs faster and saves time.**

Dry Tech substantially reduces excess use of paper, refilling operations and waste. By absorbing greater quantities of liquids, it greatly **reduces paper consumption and supply costs.**

4 REASONS WHY

**EXTRA
ABSORBENT**

**RESISTANT AND
HIGH PERFORMING**

**CLEANS
