SUPPLY, SUSTAINABILITY & DIVERSITY

A trusted partner to help meet goals and secure supply.

GOJO

With a whole-systems approach to sustainability, our certification as a women-owned business, and ability to meet future demands through vertical integration, we help businesses differentiate and grow.

CERTIFIED WOMEN-OWNED

m m

As a WBENC-Certified Women's Business Enterprise, GOJO makes it hassle-free for you and your customers to commit to and track diverse supplier spend.

ENVIRONMENTAL LEADERSHIP

We continually advance sustainability at every step – from the way we power our facilities and source responsibly to our conscientious formulations and focus on recyclable design.

SECURE SUPPLY

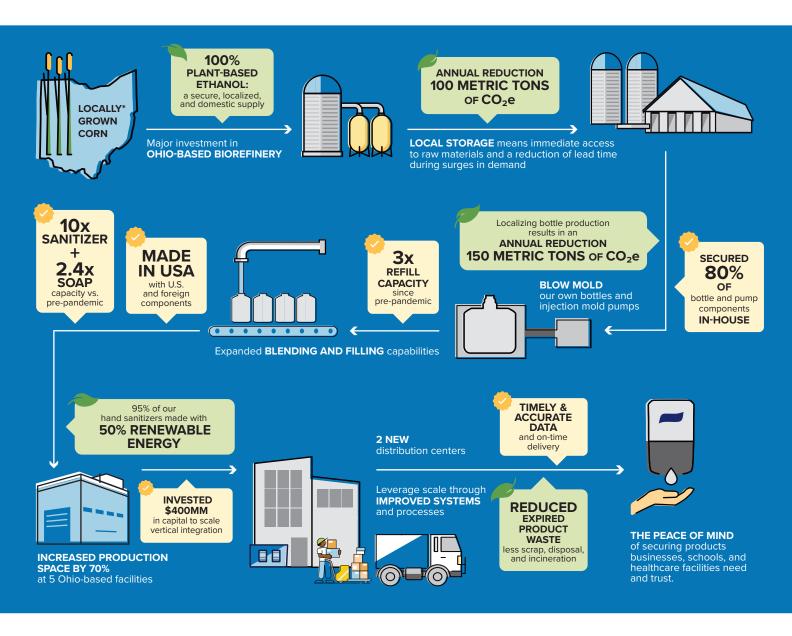

GOJO has vertically integrated throughout our 5 U.S.-based manufacturing facilities and invested significantly in capital equipment to provide supply assurance no matter the demand.

GOJO, MAKERS OF PURELL™

Vertically integrated from field to facilities.

GOJO's investment expands manufacturing capability & drives sustainability.

Focus on clean chemistry and circular design, backed by the Cradle to Cradle Certified® Product Program Standard.

Committed to designing for recyclability and reducing virgin, single-use plastics. 2050 CARBON NEUTRAL PLEDGE

Guided by SBTi Net Zero Standards, aiming for 2030 Science-Based Target and carbon neutrality by 2050.

*Majority of corn sourced from Ohio with some from neighboring states.
